THE **#1** ECO-FRIENDLY BRAND OF PAINT REMOVERS

SAFE SCIENCE THAT WORKS

AUGUST, 2016

MÖTSENBÖCKER'S LIFT OFF®

SAFE SCIENCE THAT REALLY WORKS!

Mötsenböcker's Lift Off®, a division of Stoner, Inc., has over 35 years experience in manufacturing technologically-advanced, truly-green remover products that are patented, water-based and environmentally safe. The company's mission is to produce safe, quality products that ensure the highest customer satisfaction. As the leader in the industry, Lift Off® products provide the following benefits:

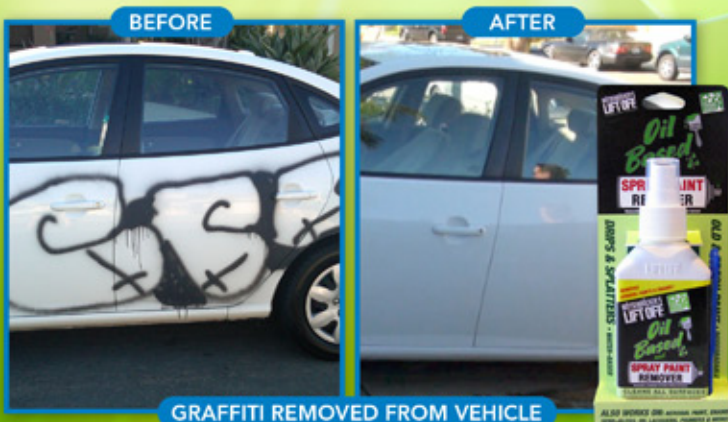

- Truly Works: as good or better than dangerous, solvent-based products
- Quickly Works: in the same reactionary time
- Safely Works: 3-Way Safe for the Environment, all Surfaces and People/Pets

Gregg Mötsenböcker
AKA "The Wizard"
Chemist/Inventor

Mötsenböcker's Lift Off® offers a family of patented products that remove everything from grease and adhesives; enamels and acrylic paints, shellacs, varnishes, stains and other solvent and water-bourn coatings; as well as latex-based foam, polyurethane foam and glue, expansion foam, silicone, construction adhesive and acrylic latex caulk from various surfaces.

Lift Off® products are safe, easy to use, and effective and are used by janitorial companies, painting companies, general contractors, amusement parks, governmental agencies, municipalities, transit authorities, stadiums, school districts, and the general public.

SPOTS AND STAINS AREN'T CREATED EQUAL

After years of scientific research, Mötsenböcker's Lift Off® has made a breakthrough in spot and stain removal by dividing spots and stains into three distinct categories that cover virtually every type of spot or stain. Lift Off® has three patented products specifically formulated to remove these types of spots and stains:

1. Water and Protein-based
2. Petroleum and Natural Oil-based
3. Pen, Ink, and Dyes

These products are formulated to do the work of dozens of specialty cleaners and prewashes. Thousands of large companies, amusement parks, school districts, transit authorities and janitorial supply houses across the country use our products daily.
